

Strengthening the Scientific Foundation of Water Quality Programs

Project Number: **LIFE08 ENV /CY / 000460**

Deliverable Number: **D7.2**

Deliverable Name: **Project information leaflet**

Due Date of Deliverable: M2

Completion Date of Deliverable: M2

Start Date of Project: 1 February, 2010

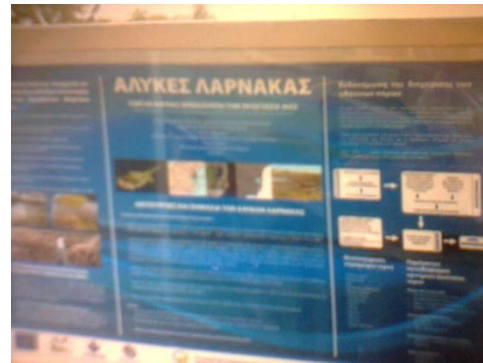

Duration: 42 Months

| Dissemination Level | | |
|---------------------|--|----------|
| PU | Public | X |
| PP | Restricted to other program participants (including the Commission Services) | |
| CO | Confidential, only for members of the Consortium (including Commission Services) | |

Two sign boards were prepared in October 2010 and were placed at the Larnaca Salt Lakes. The boards are made of metal and have a size of 120X80 cm. The boards inform the Salt Lake visitors about the project, its tasks as also about the methodology used.

The pictures below illustrate the placed boards:

The following map shows where the two boards have been placed.

1. The first board is placed at the beginning of the natural path, to the East, where people park their cars;
2. The second board is placed to the West, near the Parking Place of the Tekkes Picnic Area.
